

Hampshire Explorers

To Wilderness Essential Survival School

(Matt,Chris.Jay,Ian)

I would like to take this opportunity to thank each and every one of your team for taking on the challenge to run a 2 day survival course for Hampshire Explorer Scouts.

With all your help and support, which was professional accurate and forthcoming we filled the course in 3 days. It was a daunting task working out how to do a 2 day survival course for young people, but due to your teams knowledge and understanding and willingness to adapt to a new challenge and to support the leader team with training aids props etc everything went perfectly.

.The course its self was totally outstanding from booking in all the students, introductions and the whole 2 days of training that was provided.

The young people spoke and commented freely on how much they enjoyed the weekend as wicked,awesome,when can we do it again and cool. At the end of the survival course/survival challenge the young people filled out course evaluation sheets some of the feedback speaks for itself.

1/Very enjoyable survival camp and an amazing opportunity for young people.

2/I learned loads and want to do more and to take my new skills to a new level.

3/very wicked I learned to much to list but I want to do it again (when can we do more please).

4/The weekend has boosted my knowledge and understanding of survival Thank You.

5/Can we do a 4 day course.

6/I loved the course and instructors where great.

My final point from my personal opinion is that if you are looking to learn survival skills and techniques you could not find a better survival school to do it with. Their experience and professional manner is second to none and coming from a military back ground I would want them on my side. I look forward to working with the whole team again in the very near future.

Thank You

Gus Angus

County Explorer Scout Leader

Survival Camp Organiser
